Hurricane Preparations for Homes and Businesses

As hurricane season has really ramped up on our Gulf Coast, below are some recommendations to help prepare your home and/or business in an effort to minimize potential damage and help keep your family safe. Your pre-storm efforts will make a difference in your post-storm recovery. In the event you are adversely affected by a storm, you should document your losses as much as you can through photos, videos, and receipts. The insurance claims process should begin as quickly as humanly possible, and Abraham Watkins stands ready to assist in the event your insurance company tries to take advantage of you.

Firm Partners Complete Presidential Terms During Same Bar Year

Abraham Watkins congratulates Firm Partners Randy Sorrels and Benny Agosto, Jr. on each completing successful terms as Presidents during the 2019-2020 bar year. Randy served as the 139th President of the State Bar of Texas, was the first President from Houston in 12 years, and led the third largest bar in the country, consisting of almost 105,000 lawyers. Benny was the first fluent bilingual President of the Houston Bar Association and led one of the nation's largest metropolitan bar associations with close to 11,000 members.

A History of Endurance

These are some of the most unusual times many lawyers have seen for decades. But this is not our first rodeo. Abraham, Watkins, Nichols, Sorrels, Agosto, Aziz & Stogner has not only endured—through 11 recessions, six wars/incursions, and seven global health scares—but has grown and thrived.

Founded in 1951, Abraham Watkins is the oldest personal injury law firm in Texas. We

remain committed to providing stellar service to each of our clients and co-counsel. We have been here for the last 69 years and will continue to be here in the future.

Tips for Zoom Depositions

Conducting depositions by Zoom has become a new normal in the practice of law. The attorneys of Abraham Watkins have put together a list of suggestions that can be applied before and during virtual depositions and, as we all continue to adjust to the current times, we hope the following tips will be useful to you and your legal practice.
